

Idaho State UNIVERSITY

Southeastern Idaho District Health Department and Rocky Mountain Learning present:

Vitamin D Deficiency and Supplementation: A Focus on the Relationship with Diabetes Mellitus

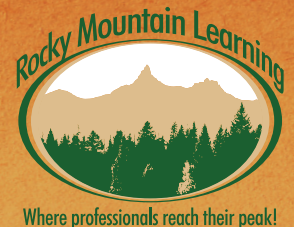

**Tuesday, March 30th
Noon to 1:15 pm MST**

Presenter:

John Thomas Holmes, Pharm. D.

**Pharmacotherapy Fellowship, Pocatello Family Medicine Clinical Research Center,
Department of Family Medicine, Idaho State University; Pocatello, Idaho**

This live, interactive webcast will discuss the relationship between vitamin D deficiency and diabetes mellitus, the mechanisms by which vitamin D may impact the development and management of diabetes, and evaluate the relevant literature addressing the relationship between vitamin D deficiency and diabetes. This session will also cover appropriate therapy for vitamin D insufficiency and deficiency.

This series will be broadcast over the internet to your computer. A computer (Windows XP/Vista/7 or Mac OS X 10.4+) with high speed internet access and headphones or speakers is required.
